## PRESIDENT'S MESSAGE

John Dunlop [jdunlop3rd@gmail.com](mailto:jdunlop3rd@gmail.com)

Spring is here!! The early hummingbird scouts have visited our feeder, the grass is greening up, the piles of snow shoveled off our decks are almost gone and while I have heard the bears are stirring, we haven't had any visit us yet!! With each passing day the chance of frozen precipitation is waning! I think we are all happy about that!

# COMMUNITY OUTREACH

**Project C.U.R.E. (Commission on Urgent Relief and Equipment)** was founded in 1987 by Dr. James Jackson, who was working as an international economic consultant in developing countries when his work put him face to face with the needs of the sick and dying. During a trip to Brazil, Dr. Jackson visited a small clinic near Rio de Janeiro where he learned that patients were often turned

away due to a lack of basic medical supplies. Jackson was moved to action, making a promise to the clinic doctor that he would help provide relief to the people there.

Dr. Jackson returned to his home in Evergreen, Colorado, and with the assistance of friends in the medical industry collected \$250,000 of medical supplies in his garage in just 30 days time. By personally paying the shipping expenses, Jackson was able to send an ocean-going cargo container carrying the donated supplies to Brazil. In 1997 James Jackson's son, Dr. Douglas Jackson, became President & CEO of Project C.U.R.E.

From its humble beginnings in Colorado, Project C.U.R.E. has expanded to many other cities across the United States. Currently, Project C.U.R.E. maintains large distribution warehouses in Arizona, Colorado, Texas, Illinois, Pennsylvania and Tennessee. In addition, Project C.U.R.E. has established smaller collection centers in several other states where donated items are gathered and then delivered to its warehouses. Project C.U.R.E. now collects medical donations in many U.S. cities.

**Volunteers are needed to drive their own vehicles to local hospitals in the Denver area to pick up medical supplies for distribution to the needy.** This would be once a week for 3-4 hours at a time. If you'd like to become a part of this team and make a difference, please contact ENN member Jim Dries at 303-670-5141. He can answer any questions you may have.

The quest is to better understand our shared genetic roots and track migration of our ancestors. Simone Simpson concluded the program with a short talk about her own family's ancestry.

## LES DEGUSTATEURS - FINE WINE GROUP

Les Degustateurs (The Wine Tasters) is a group that focuses on wine education. The group's goal is to educate and expose its members to domestic and international “fine wines” and “wine making”. We meet in members' homes to taste quality wines, learn about the grapes, growing regions and winemakers, and share a paired, multi-course meal with friends which is prepared by the host and all attending members. This group meets on the first Saturday of every other month starting in January, so as not to conflict with other ENN wine groups or activities. This group is separate from the other, more socially-oriented ENN wine tasting groups. **We are looking for up to 4 new members, either individuals or couples.** If you are interested, please contact the group leader, Lou Mazzulo, [lou.mazzullo@gmail.com](mailto:lou.mazzullo@gmail.com), or 720-292-0289, and he will send you more information.

Sharing the hosting duties has been a delightful and rewarding enterprise enjoyed by all. A BIG THANK YOU to our generous and fun-loving hosts!

## DAYTIME BRIDGE
